For the Home for Incurables. The promoters of the endowment fund of the Washington Home for Incurables have adopted a novel scheme for raising money. Cards were sent out today which will just receive a fifty-cent piece and hold it securely. These were sent to a great many residents and although the fund is considerable already it is the intention to make it so large that the institution may never be at a loss for money. The charity is a most worthy one, and the projectors of the scheme hope that the modest appeal will receive a gener-ous backing.

A plan is being formulated among the

Hebrews of this city for the construction of a Jewish temple that shall be worthy

of the national capital. The Jewish con-

probable that this will be sold, and the

proceeds used in the erection of an edifice in a more central location, the desire of some members being for a building on

They laughed over the humor of the situation, and there was a suspicious moisture in their eyes over other portions.
